OUR ACTIVITIES

Intellectual Property (IP)

- Copyright and related rights
- Trademark rights
- Domain names
- Designs and models
- Patents and know-how
- Infringement
- Unfair competition
- Advice & strategy: protection, filing, assignment, licensing, franchising, distribution, partnership, etc.
- Litigation: BOIP, EUIPO, Luxembourg and EU courts

We are very active in professional associations and participate in numerous publications on intellectual property. We are regularly called upon in connection with legislative initiatives in this field.

Information Technology (IT)

- Computer law
- E-commerce
- Digital trust (e-Signature, e-ID)
- E-reputation
- Cybercrime
- Information security
- Consulting & strategy: assignment, development, software licensing, outsourcing, cloud computing, open-source, websites T&Cs and terms of use, etc.
- Regulatory compliance: CSSF notification and approval
- Litigation: contractual failures of IT suppliers, computer attacks, etc.

We are regularly involved in large-scale IT projects and consulted in the context of digitalisation processes.

Personal data (Data)

- GDPR compliance
- Training
- Data mapping
- Gap analysis
- Internal policies
- International data transfer agreement (DTA)
- Data processing agreement (DPA)
- CNPD Litigation

We provide comprehensive services (comparable to the Big 4) related to the GDPR, including information security (IS) analysis with a renowned external expert.

- Business practices & consumer law
- Product compliance
- Competition and distribution
- Pharma regulation

OUR STRENGTHS

Our approach

- Expertise and quality
- Availability and responsiveness
- Agility and flexibility
